| Other Financial Liabilities (current) | 431.18 | 487.52 | 544.47 | 431.18 | 487.52 | 544.47 | |

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair value of unquoted instruments, loans from banks and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or the discount rate, the fair value of the equity instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

The fair values of the Company's interest-bearing borrowings and loans are determined by using discounted cash flow method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, and individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The significant unobservable inputs used in the fair value measurement categorized within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31 March 2024, are as shown below.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques that use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

37. Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments and foreign currency receivables and payables. The sensitivity analyses in the following sections relate to the position as at March 31 2024. The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2024.

(b) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term debt obligation at floating interest rates. The Company's Term loan outstanding as at March 31, 2024 comprise of fixed rate loans and accordingly, are not expose to risk of fluctuation in market interest rate.

(c) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The

Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

(d) Trade Receivables

Customer credit risk is managed by the company based on its established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally reviewed regularly by the management of the company.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low.

(e) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company in accordance with the policy.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2024 is the carrying amounts. The Company's maximum exposure relating to financial instruments is noted in liquidity table below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

(d) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.

MUNISH FORGE PRIVATE LIMITED

CIN: U28910PB1986PTC006950 VILLAGE GOBINDGARH, ADJOINING PHASE-VII, FOCAL POINT, LUDHIANA

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1. CORPORATE INFORMATION

- a) Munish Forge Private Limited is a Private Limited company incorporated in India under the provisions of the Companies Act, having its registered office Village Gobindgarh, Adjoining Phase-VII, Focal Point, Ludhiana. The company's principal activity is manufacturing of forging goods. The company is also involved in C&F business of branded readymade garments on commission basis.
- b) The Company's manufacturing facilities are located at Focal Point, Ludhiana, Punjab.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 BASIS OF PREPRATION:

- a) The financial statements of the Company have been prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules, as amended and other provisions of the act. The presentation of the financial statements is based on IND AS Schedule III of the Companies Act 2013. The financial statements have been prepared on a historical cost basis, except for certain financial instruments that are measured at fair value at the end of each reporting period
- b) The financial statements are presented in Indian Rupees ('INR') and all values are rounded to nearest lacs (INR 00,000), except when otherwise indicated.

2.2 USE OF ESTIMATES

The preparation of financial statements in conformity with Indian GAAP, which requires the management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could not result in the outcomes requiring the material adjustments to the carrying amount of assets or liabilities in future periods.

2.3 Revenue recognition

Revenue is recognised at fair value of the consideration received or receivable. The amount disclosed as revenue is inclusive of and net of returns, trade discounts, Goods & Service Tax related taxes and amount collected on behalf of third parties.

The company recognizes revenue when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity.

Sale of goods

Revenue from sale of goods is recognized when significant risk and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be reliably estimated and there is no continuing effective control or managerial involvement with the goods and the amount of revenue can be measured reliably. Revenue is recognized in respect of export sales on the basis of bill of lading.

ii) Export Incentives

Revenue in respect of export incentives / benefits are accounted for on post export basis.

iii) Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

iv) Insurance Claim

Claims with insurance companies are accounted on accrual basis to the extent, no significant uncertainty exists and these are measurable and ultimate collection is reasonably certain.

v) Compensation Received

Keeping in view the certainty factor about the payment to be received, company has decided to consider the same as income on receipt basis.

2.4 INVENTORIES

a) Basis of valuation:

i) Inventories other than scrap materials are valued at lower of cost and net realizable value after providing cost of obsolescence, if any. The comparison of cost and net realizable value is made on an item-by-item basis.

ii) Inventory of scrap materials have been valued at net realizable value.

b) Method of Valuation:

- i) Cost of raw materials has been determined by using First In First Out (FIFO) method comprising of all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.
- ii) Stores and spares are valued at lower of historical cost or net realizable value. However materials & other items held for use in the production of inventories are not written below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- iii) Work in progress is valued at raw material cost plus conversion cost depending upon the stage of completion.
- iv) Finished goods are valued at lower of historical cost or net realizable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing them to their respective present location and condition. By products are valued at net realizable value.
- v) Cost of traded goods has been determined by using First In First Out (FIFO) method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

2.5 FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- Those measured at amortised cost

Initial recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at their fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss account. Transaction costs of financial asset and liabilities carried at fair value through profit and loss are immediately recognized in the Statement of Profit or Loss.

Subsequent Measurement (Non Derivative Financial Instrument)

- a) Financial assets carried at amortised cost A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments on principal and interest on the principal amount outstanding.
- b) Financial Asset At Fair Value Through Other Comprehensive Income (FVTOCI) A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- c) Financial Assets At Fair Value Through Profit or Loss (FVTPL) A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.
- d) Financial Liabilities The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.
- e) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.6 Property, plant and equipment

Land is carried at cost and all other items of property plant, equipments and fixtures are stated at cost less accumulated depreciation. The cost of property, plant and equipment includes:

i. Its purchase price including import duties and non-refundable taxes after reducing trade discount and rebate if any.

ii. Any attributable expenditure directly attributable to bring an assets to the location and the working condition for its intended use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used in the production of goods and services or for the administrative purposes is classified as investment property. Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Subsequent expenditure related to investment properties are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Investment properties are depreciated using the straight line method over the estimated useful lives.

2.7 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over expected useful life on a straight line basis from the date they are available for use.

2.8 Impairment of assets

i. Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets expected credit losses are measured at an amount equal to the 12 month ECL unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

ii) Non-Financial Assets

Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell

and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for cash generating unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net off any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior year.

2.9 Foreign exchange transactions/translation

a) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

2.10 Employee benefits

i. Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of Profit and loss of the year in which the related service is rendered.

ii. Post Employee Benefits

a) Defined Contribution Plans

i) Provident Fund & ESI

The company makes contribution to Statutory Provident Fund and Employee State Insurance in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952 and Employee State Insurance Act, 1948 which is a defined contribution plan and contribution paid or payable is recognized as an expense in the period in which services are rendered by the employee.

b) Defined Benefit Plans

Gratuity

The company provides for gratuity, a defined benefit retirement plan ("The Gratuity Plan") covering eligible employees of the company. The gratuity plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the company.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- · net interest expense or income; and
- Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

2.11 Taxes on income

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case, it is also recognized in equity or other comprehensive income respectively.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred tax is recognized in respect of temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes (including those arising from consolidation adjustments such as unrealized profit on inventory etc.). Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

2.12Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

2.13 Provisions, contingent liabilities and contingent assets

A provision is recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be

required to settle the obligation and a reliable estimate can be made of the amount of obligation. A contingent liability is recognized for:

- a present obligation that arises from past events but is not recognized as a
 provision because either the possibility that an outflow of resources
 embodying economic benefits will be required to settle the obligation is
 remote or a reliable estimate of the amount of the obligation cannot be made;
 and
- ii. a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. Contingent assets are neither accounted for nor disclosed in the financial statements. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.14 Earnings per share

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.15 Cash and cash equivalents

Cash and cash equivalents comprises cash at bank and in hand

2.16 Disclosure as required by Indian Accounting Standard (Ind AS '101) first time adoption of Indian Accounting Standards

These are Company's first financial statements prepared in accordance with Ind AS. The accounting policies set out in Note 2 have been applied in preparing the financial statements for the year ended March 31, 2024, the comparative information presented in these financial statements for the year ended March 31, 2023 and in the preparation of an opening Ind AS balance sheet as at April 1, 2022 the Company's date of transition).

In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended and other relevant provisions of the Act (previous GMP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

1. Deemed cost

Ind AS 101 permits a first time adopter to elect to fair value of its property, plant and equipment as recognized in financial statements as at the date of transition to Ind AS, measured as per previous GAAP and use that as its deemed cost as at the date of transition or apply principles of Ind AS retrospectively. Ind AS 101 also permits the first time adopter to elect to continue with the carrying valued for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS. This exemption can be also used for intangible assets covered by Ind AS 38. The Company has elected to consider fair value of its property, plant and equipment as its deemed cost on the date of transition to Ind AS.

2. Ind AS mandatory exceptions

i) Estimates

An entity estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates at April 1, 2022 are consistent with the estimates as at the same date made in conformity with previous GAAP.

- ii) Derecognition of financial assets and financial liabilities Ind AS 101 requires a first time adopter to apply the derecognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. Accordingly, the Company has applied the derecognition requirement for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after date of transition to Ind AS.
- iii) Derecognition of financial assets and financial liabilities Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exist on the date of transaction to Ind AS. Accordingly, the Company has applied the above requirement prospectively.
- iv) Derecognition of financial assets and financial liabilities Ind AS 101 requires an entity to asses and determine the impairment allowance on financial assets as per Ind AS 109 using the reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments which were initially recognized and compare that to the credit risk at the date of transition to Ind AS. The Company has applied this exception prospectively

INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF MUNISH FORGE PRIVATE LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the standalone financial statements of MUNISH FORGE PRIVATE LIMITED ("the Company"), having registered office at Village Gobindgarh, Adjoining Phase-VII, Focal Point, Ludhiana, which comprise the Balance sheet as at 31st March 2024, and the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone financial Statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its **profit**, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of

Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making

judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements whether due to fraud or error design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion forgery intentional omissions misrepresentations or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design
 audit procedures that are appropriate in the circumstances Under Section 143(3)(i)of
 the Act we are also responsible for explaining our opinion on whether the Company
 has adequate internal financial controls system in place and the operating
 effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation structure and content of the financial statements including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding among other matters the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable related safeguards.

From the matters communicated with those charged with governance we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

 - ii) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note no-40 to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the

Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the

like on behalf of the Ultimate Beneficiaries; and

iii)Based on audit procedures which we considered reasonable and appropriate in the

circumstances, nothing has come to their notice that has caused them to believe

that the representations under sub-clause (i) and (ii) contain any material miss-

statement.

5. The company has not declared or paid any dividend during the year in contravention

of the provisions of section 123 of the Companies Act, 2013.

6. Based on our examination, which included test checks, the Company has used

accounting software for maintaining its books of account for the financial year ended

March 31, 2024 which has a feature of recording audit trail (edit log) facility and the

same has operated throughout the year for all relevant transactions recorded in the

software.

Further, during the course of our audit we did not come across any instance of the

audit trail feature being tampered with. As proviso to Rule 3(1) of the Companies

(Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g)

of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as

per the statutory requirements for record retention is not applicable for the financial

year ended March 31, 2024.

(C) With respect to the matter to be included in the Auditors' Report under Section 197(16)

of the Act, in our opinion and according to the information and explanations given to us,

the limit prescribed by section 197 for maximum permissible managerial remuneration is

not applicable to a private limited company.

Annexure B to the Independent Auditors' report on the standalone Financial Statement of MUNISH FORGE PRIVATE LIMITED for the period ended 31 March, 2024

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statement under Clause (i) of Sub-section 3 of Section 143 of The Companies Act, 2013

(Referred to in Paragraph 2(A) (f) under Report of other Legal and Regulatory Requirements section of our report of even date)

OPINION

We have audited the internal financial controls over financial reporting of MUNISH FORGE PRIVATE LIMITED ("the Company") as on 31 March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, company has in all material aspect, adequate internal financial control with reference to financial statements and such internal financial controls were operating effectively as at 31 march, 2024, based on the internal financial control with reference to the financial statement criteria established by the company considering the essential component of internal control stated in guidance report on audit of internal financial controls over the financial reporting issued by the institute of Chartered Accountants of India ("the Guidance Note")

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
